Describe the scope of work you intend to do at this location:

You are required to provide a drawing with detailed information pertaining to your project. The plans examiner may require a Professional Engineer Drawing with a NC Seal. No out of State engineer stamps are acceptable in North Carolina.

Is this project in a FEMA designated Flood Zone? Yes No

Is workman's comp. Insurance required for this project? Yes No

I hereby certify that all of the information listed on this application is correct, and that all work will comply with the NC State Building Code, the insulation and Energy Utilization standards of the State Building Code, and all other applicable State and Local laws, ordinances and regulations. I also understand that if an inspection fails, I may be held liable for re-inspection penalty fee. I furthermore understand that no permit fees are refundable, or transferrable, and that once a permit is voided or expired, I may incur an additional permit fee(s) to obtain permits in the future.

Permits expire 1year after being issued if no inspections are performed at the listed above location.

The Town of Maysville has the exclusive right to reinstate the permit for a fee of \$50.00 or may require you to apply for a new permit all together. This will be up to the local jurisdiction.
